Skills

- Time Management
- Network Security
- Attention to Detail
- Resilience
- Critical Thinking
- Team Collaboration

Language

- English
- Kiswahili
- Spanish (basic)

Education

Kanga School

2020 - 2023

Dedan Kimathi University of Technology

Bachelor of Science in Computer Science
2024-2027

Certifications

AWS Cloud Practitioner Virtual

2025

Earned AWS Certified Cloud Practitioner, establishing a strong foundational understanding of AWS Cloud concepts, core services, security, and pricing models. Developed the ability to articulate the value of the AWS Cloud and identify appropriate AWS solutions, with a focus on supporting cloud adoption and enabling informed decision-making in cloud-driven IT environments.

Cisco Python Certification

2024

Earned Cisco Python Certification, gaining foundational knowledge in Python programming for networking and cybersecurity. Developed skills in scripting, automation, and problem-solving, with a focus on leveraging Python to enhance operational efficiency and streamline security processes in dynamic IT environments

Experience

MasterCard Cyber Security Internship Remote

2024

Completed a remote Mastercard Introduction to Cybersecurity virtual internship, gaining hands-on experience in threat detection, risk assessment, and network security fundamentals. Developed skills in identifying vulnerabilities, analyzing security incidents, and implementing preventive measures, demonstrating a commitment to advancing cybersecurity expertise in practical environments.
